Southside Electric Co-Op To Sponsor Youth Tour

Southside Electric Cooperative will again this year sponsor youth from their nineteen county service area to the Rural Electric Washington Youth Tour in June, to see first hand our Government in action.

High School Junior Class students have the opportunity to compete for twelve scholarships sponsored by Southside Electric Cooperative. High School Juniors can win one of the twelve all-expense paid trips on this year's Youth Tour by entering the Youth-Energy Government Fair with a project display or presentation of their choice on one of the following subjects.

1. Electric Cooperatives in Our Free Enterprise System.
2. How does Government Relate to Energy in Today's Society.
3. Better Understanding of Energy Use in Today's Home.
4. Energy Sources of the Future Such as Nuclear, Breeder Reactors, Solar, Etc.

The Energy Fair, sponsored by Southside Electric Cooperative as competition for the selection of students for the Youth Tour, will emphasize to the youth good energy management through involvement and competition. The Fair will be held at Longwood College on Saturday, March 24, beginning at 10:30 a.m. For information and entry blanks, High School Juniors may call (804) 645-7721 or write the Consumer Service Department at Southside Electric Cooperative in Crewe.

The twelve winners of the Energy Fair will participate in the all-expense paid trip to the Rural Electric Washington Youth Tour in June.

The Youth Tour actually began in 1957 and has been coordinated by the National Rural Electric Cooperative Association Since 1965. Since 1970, the Virignia Association of Electric Cooperatives has coordinated the tour for the students from the Virginia Cooperatives. This simplifies program arrangements and affords the young people the opportunity to meet and share experiences with groups from other areas and states. 1979 marks the 22nd year in which 13,000 youths from all parts of the United States have had the opportunity to see their National Government in Action, to participate in conferences with their own Congressmen and Senators and to sit in on committee meetings on Capitol Hill. A special tour of the White House and a probable visit with the President is also a highlight of the four-day tour. Also visits to several foreign embassies, as well as a tour of the new Headquarters of the National Rural Electric Cooperative Association, and the more than 1,000 youth from all parts of the nation learn more about the rural electric program and how it benefits all Americans in a society of free enterprise.

An outstanding educational and exciting four-day visit to our Nation's Capitol awaits twelve High School Jumors in South Electric Cooperative's nineteen county service area.

Local Chairman Named

WASHINGTON, FEB - Mrs. Frances N. Madrid, Mid-Atlantic Regional Director for St. Jude Children's Research Hospital's Volunteer Center, announced the Chairman for the Bike-A-Thon for St. Jude's as Miss Cindy Roach for the Appomattox, Va. area.

Founded by entertainer Danny Thomas sixteen years ago, St. Jude Children's Research Hospital is devoted to painstaking medical research and care of children striken with catastrophic diseases, including leukemia and other forms of cancer. Cancer is second only to accident as a killer of children in our country.

A national research center, St. Jude's is non-sectarian, interracial and completely free of charge to patients admitted on physician referral. All results of this research are freely shared with scientists and doctors worldwide.

Mrs. Madrid indicated that, "Miss Roach will head a local volunteer committee to organize and conduct a safe event for riders, young and old. During our region's events last year," Mrs. Madrid said, "one rider was 73 years old, and a tiny tot rode his big wheel 2 miles. Everyone who wants to help children can be a part of this fun day."

Individuals and groups who wish to participate can write to the local chairman in care of St. Jude's Regional Volunteer Center, 1625 Eye Street, N.W., Room 626, Washington, D.C. 20006.

Retired Federal Employees Will Hold Regular Meeting

The National Association Retired Federal Employees chapter 110, will hold their regular monthly meeting Thursday, March 1 at 2 p.m. in the conference room of Appalachian Power Co., 523 Main St., Lynchburg.

NARFE is comprised of retirees from all walks of the federal civilian service, and is the only organization which is exclusively concerned with representing the interests of all persons qualified under the Federal Government's retirement programs.

A program of interest will be presented and refreshments provided.

Radford College Highlanders To Perform At ACHS

RADFORD - The Radford College Highlander Concert Band will perform at Appomattox County High School on Sunday, March 4 at 3 p.m.

The appearance is part of the Highlander Concert Band's annual spring concert tour of various high schools statewide.

The Highlander Concert Band, under the direction of Dr. Bennett Lentczner, follows the tradition of the Scottish Military Band, complete with full Scottish military dress, bagpipes and Highland Dancers.

The public is invited to attend and admission is free.

Our Competitors Can Say A Lot, But They Can't Say As Much ...

AIR-CLASS

Is This Area's ONLY Exclusive ALL Fiberglass Pools

Air-glass Pools are molded in one piece of solid fiberglass so there are no seams to weaken and leak. The smooth walls are easily cleaned and will not support algae growth. The Air-glass dealer has no hidden cost- included in the price are built in steps, non-slip coping, skimmer, main drain, return inlets, hydrostatic valve, pump, filters, handrail and ladders- everything you need to begin your summer fun!
